There was a time in my life, my daughter who was pregnant fell seriously ill and was facing life & death situation. What doctors told, got me extremely scared. During the stressful time I came in contact with Bhai Sahab (Swami Ji). He assured me nothing will go wrong and to be calm. Shortly after that, my daughter was out of danger and began to recover her failed health. She also gave birth to her son. Today both are living a healthy and happy life.
